

CALL FOR PAPERS

Australasian Conference on Robotics and Automation (ACRA 2023)
4-6 December 2023, UNSW Kensington Campus, Sydney

The 2023 Australasian Conference on Robotics and Automation (ACRA 2023) is jointly organised by the Australian Robotics and Automation Association, UNSW, and the UTS Robotics Institute. The conference will be held in person on 4-6 December 2023 at UNSW Kensington Campus, Sydney.

Since 1999, ACRA has brought together Australian and New Zealand researchers and students in robotics, automation, and mechatronics. It provides a forum to present a breadth of research activities to the broader Australasian community. ACRA is a quality, peer-reviewed conference featured in Scopus, Google Scholar, and other ranking engines.

All full papers submitted to ACRA 2023 will undergo a peer-review process. Each manuscript will be reviewed by at least two reviewers giving detailed comments. If the submission is accepted, the authors will submit a revised ("camera-ready") version that takes into account this feedback. All papers are reviewed using a single-blind review process.

Papers from all areas of robotics are encouraged.

Attendance inquiries

Dr. Francisco Cruz, f.cuz@unsw.edu.au

Dr. Gwendolyn Foo, gwendolyn.foo@unsw.edu.au

ORGANISING COMMITTEE

Steering Committee: Prof Maurice Pagnucco, UNSW and A/Prof Yang Song, UNSW

General Chairs: Prof Kathryn Kasmarik, UNSW and Dr Liang Zhao, UTS

Program Chairs: Dr Liao Wu, UNSW and A/Prof Gavin Paul, UTS

Industry Chair: Dr Marc Carmichael, UTS

Local Chairs: Dr Francisco Cruz, UNSW and Dr Gwendolyn Foo, UNSW

Publicity Chairs: Mr Anthony Tompkins, UNSW and Dr Shadi Abpeikar, UNSW

IMPORTANT DATES

Submission of full-length papers:
18 September 2023

Notification of paper acceptance:
31 October 2023

Submission of camera-ready papers:
14 November 2023

Sponsorship inquiries
